NPORS Safe Use of Abrasive Wheels

Course Introduction

Available through NPORS or certified by Alpha Safety, this course can be delivered as a basic awareness, classroom based course for those operating abrasive wheels equipment in the workplace or a more comprehensive theory and practical training session to demonstrate safe usage.

Please note: All publicly scheduled courses are NPORS Accredited. For further information about Private Course options, please contact us on 01792 585868 or email **info@alphasafety.co.uk**

Course Topics

- Hazards arising from the use of abrasive wheels
- Determining the essential requirements for the selection, and ordering, of grinding wheels
- Regulations governing the supply and use of abrasive wheels
- Codes of practice for the safe use of abrasive wheels
- Correct PPE and usage of PPE
- Dismounting, Changing and Mounting of Abrasive Wheels
- Safe Techniques for Cutting & Grinding
- Practical Teaching

Course Benefits

This course is essential for all operatives of abrasive wheels. Under Provision and Use of Work Equipment Regulations (PUWER) 1998, all operatives must be adequately trained to use such equipment.

Assessment Method

Multiple choice and short answer exam

Qualification Expiry

3 years
