

# Fire Safety (Awareness)

## Course Introduction

Fire Safety is an important subject in modern society as it can affect every private, public and residential sector in the U.K. As part of the Fire Safety regulations, all employees and employers must be trained in emergency fire procedures. This course will ensure you and your employees know the correct safety precautions to follow should a fire break out.

Group Bookings Only - Please enquire for for availability

---

This course can also be delivered as an EUSR (Energy & Utility Skills Register) accredited programme where required. If you would like more information, please [contact us online](#) or call 01792 585868.

Please note: We currently only offer EUSR accredited qualifications as privately run courses.
