

RTITB Counterbalance Forklift Operator (ABA B1)

Course Introduction

The training aims to provide delegates with a thorough understanding of the hazards associated with operating counterbalance fork trucks. To have a working knowledge of how the various machines operate and to identify the major components of the machine and explain their functions, including weight limits, and to carry out an effective pre use check.

We are able to offer both accredited (RTITB) or Alpha certified on site training and refreshers for counterbalance forklift vehicles.

Our highly accomplished tutor can accommodate up to 3 students per day, dependant on their existing knowledge and experience and the qualification desired.

On completion of the RTITB course, you will receive a **E-Card & PDF Certificate**.

SELECTING THE RIGHT COURSE FOR YOU

Counter Balance up to 5,000kg (ABA category B1) | Counter balance 5,001 up to 10,000kg (ABA category B2)
